CHICAGO, Ill., July 26.-The corn market was Again the leader in activity amon: the cereals, and as on the day before; the better business was at higher prices. It advanced %c at the first jump, but only %c was in the end added to the former prices. Reports from Kansas were conflicting. Some advised actual damage, while State Secretary of Agriculture Mobiler of Kansas and officials of the Santa Fe raliway claimed that ac serious damage has

been done to the crop.

Wheat was helped by better foreign markets, a growing belief in a very moderate crop of spring wheat. and to a considerable extent by the advice in corn. It opened, however, Ke higher than it closed, and barley was 1-16c over yesterday's resting price at the end of the session. Provisions were held firm and advanced a little by the controlling bull

Traders' Talk. CHICAGO, III., July 31 .- F. G. Logan & Co. to Doncan, Hollinger & Co.: We have had a qu et day in the wheat pit. September opened at about 78%, sold as high as 78% and closed at 78% 518% bid. Our advices from the northwest are conflicting. One elevator system reports a poor outlook and another a fair prossect for a good crop. Unti we get nearer harvest we can only guess about what it will

west are conflicting. One elevator system reports a poor outlook and another a fair prospect for a good crop. Until we get nearer harvest we can only guess about what it will be one thing we do know, and it is that the demand for the new crop of winter is light and with a daily incressing supply, without a foreign demand, it means lower prices. This is the experience of the past, and it is safe to say, like conditions always produce like results. With disaster to the growing spring crop we may change our opinion. The latch bill shelved or out of the way may cause a better feeling and some little advance established. We think it would be short lived unless there is disaster to the northwest crop. The corn market has been fairly active. The local speculation is in favor of high prices, owing to reports of hot [winds and want of rains in Kansas and Nebraska. Should the present hot weather continue we will have serious damage, and the result will be higher prices. Should rains ewe would have some decline. The condidence in higher prices is deep rooted and we believe it the sife course to buy on decline. O ats are steady, there is no speculative trade in them. Provisions are yery strong with all the appearance of going higher.

Cuticado, Ill., Ju 925. Kennett. Hopkins & Co. to S. A. McWhorter. The strength in other markets and the de re se of wheat on passare have kept wheat firm all day. Closing cables are higher and it is evilent that foreigners will hold it safe to increase their purchases while offerings from other experting countries are so smail. The amount afforth is not likely to become urgent while our crop prospects are so so if in lar c supply. Will be neglected while choicera is racing in that tountry. This will give America practical command of the export frade, but the demand is not likely to become urgent while our crop prospects are so good. Tolary's reports represent the Russian crop reports as unfavorable. Curn and oats are strong on the weather, which is still hot and day, with no prospects of an

pecially during the forenoon, and while this is regarded as only an incident in the duliness now prevailing the strength in a few stocks points to the formation of pools here and there in the list whose operations may serve as the nucleus of a more extended upward tendency in the market, when the time is ripe for it. The industrials now occupy most of the attention and today, while Sugar was by no means neglected, it was less prominent than during the last few days and Distilers and the common oil stocks were successively brought forward and advanced.

The railroad list for some time responded to the buying and considerable activity was devoted to Eric, Atchison, Rock, Island and St. Paul, but the movements in the stocks mentioned were no more than the final operations in the movements of the last few days, and they soon died away, the whole railroad list sinking back into duliness with almost utter stagnation in values. A sharp and sudden rise in Lake Shore on the execution of few buying orders followed by the same collapse, and low priced and inactive shares generally were barren of features to the close, which was very duli and sta mant at the concession. The trading reached only 102,557 listed and 27,-551 unilsted.

the sottlement new business having been
very quiet. The account has proved
a comparatively small affair. With
the abundant supply of money, rates for continuation have been light in some cases, even
more so than on previous occasions. Consols
are unchanged. Indian runee paper has declined % per cent owing to flatness of silver.
Home railways moved with some irregularity.
Southeastern deferred fluctuated a good deal,
at one period having been dealt in under 7°,
closing at 7°%, being a fail of 19 per cent. A
small decling is established in Great Western.
Metropolitan. District and North Eastern.
On the other hand there has been some good
buying in Brighton deferred, resulting

LIVE STOCK MARKETS. Cattle Show Some Improvement on Good

Cattle Show Some Improvement on Good Grades—Hogs Higher.

OMARA, July 26.—Receipts for the past two days: 3.34 cattle, 10,6.3 hogs and 3.147 sheep, against 3,873 cattle, 8,771 hogs and 6.25 sheep Monday and Tuesday of last week.

There were fewer cattle here than dealers expected. Eighty-seven cars is a very light run for Tuesday and when it is considered that one-half of these were westerns hardly good enough for beef it will readily be seen that the supply was small. The most active inquiry was for the good dryfed cattle; these were hard to find and prices ruled for to 15c higher than Monday, or 25c to 45c higher than last Friday, the low day. Fair to good 1,150 to 1,359-1b, steers sold at from \$4.5 to \$4.00. On half fat and grassy steers trade was dull and prices not much different from Monday, although the feeling was rather weak 90 to 1,150-1b, steers sold at from \$4.00 up to \$4.15. It was a fair,y active market, at least on desirable stuff, and a very respectable clearance was effected.

Owing to the liberal offerings of western cattle, the dozen or so loads of cows and mixed stock sold slow,y at barely steady prices, sales being at from \$1.00 to \$5.00 largely at from \$1.45 to \$8.00. The stock sold slow,y at barely steady prices, sales being at from \$1.00 to \$5.00 largely at from \$1.45 to \$8.5. Bulls, oxen and stays were dull at from \$1.35 to \$2.2.

The stockers and feeder trade was dull and unchanged. Regular dealers took a big string of westerns at \$2.5 @3.10. Sales to the country were scarce and the outside demand light Representative sales:

FOR MAN AND BEAST.

To What Base Uses are Public Drinking Fountains Pat. Councilman Back introduced a resolution In the council the other day instructing the chief of police to order his men not to inter-

fere with the public using the drinking founfere with the public using the drinking foun-tain at Tenth and Mason.

An investigation discloses that the alleged interference consisted in Officer Boyle order-ing an expressman to stop washing his horses' sore eyes in the basin of the foun-tain. Culef Seavey has notified Officer Boyle that he was eminently correct in his action, the resolution of the council to the contrary notwithstanding.

Take Good Care of the Children. Take Good Care of the Children.

If you have children, you will be interested in the experience of Mr. John Cook of Pilot, Vermillon Co., Ill. He says: "Two years ago two of my family, a young man and a girl, had very severe and dangerous attacks of bloody flux. The doctor here was unable, after a week's time, to check or relieve either case. I threw the doctor overboard and began using Chamberlain's Colic, Cholera and Diarrhosa Remedy. Improvement was seen very soon, and my children arose in a few days from what I feared would be their deathbed. It is a grand, good medicine." bed. It is a grand, good medicine."

To the Public.

I have no hesitatancy in recommending Chamberlain's Colle, Cholera and Diarrhoea remedy to the public, as I do to my friends and patrons. I used it myself after other well known remedies had failed and it cured me in a few minutes. I recommendat candidly and cheerfully upon its merits, not from a financial standpoint, because I have others in stork on which I make a larger profit, butbecause Chamberlain's is the best remedy I know of for bowel complaints There is no doubt about it, it does the work James Forgy, Druggist, McVeytown, Penu,

An Officer's Mishap. Officer Preston, one of the recently appointed reserve patrolmen, met with an accident which may possibly result seriously. Preston was running to catch a car at Fourteenth and Dodge streets whon his revolver which was in his hip pocket fell to the pavement and exploded. One bullet passed through the calf of his left leg. The patrol wagon was called and the injured policeman taken to his home, Twenty-ninth nd Decatur.

While at our store at Big Island, Va., last April, I was taken with a very severe attack of diarrhosa. I had never had it worse in my life. I tried several old-time remedies, such as Blackberry Wine, Paregoric and Laudanum without getting relief. My attention was then cailed to Chamberlain's Colic, Cholera and Diarrhosa Remedy by Mr. R. C. Tinsley, who had been handling it there, and in less than five minutes after taking a small dose I was entirely relieved.—O.G. Burrond. dose I was entirely relieved.—O.G. Chicago Lil., July 26.—[Special Telegram to The Bee.]—The cattle market was higher again today. The cattle market was higher again today. The rain amounted to from 15c to 5 c. The supply was small, amounting to about 20,00 natives and 2,500 Texans, and the demand, though not by any means brisk, cailed for more cattle than were on sale. An advance of from 15c to 20c was the result, The market is now from 35c to 5c hi her than last Friday. Quotations were from \$1.50 to \$5.75 for dressed beef and shipping steers. \$1.50 to \$5.09 for poor to choice cows and buils and from \$1.50 to \$4.75 for grass Texans; stockers were nominal at from \$2.00 to \$3.75.

There was nominally a steady hog market. Although the rece pix were remarkably light, they appeared to be equal to the needs of the trade; at all events no advance resulted, sales were on a basis of Monday's quotations, or at from \$5.50 to \$1.05 for common to choice qualities. There was not much business believ \$5.75, and only here and there a sale at better than \$6.00.

Chood sheep and lambs sold as well as on Monday but common stock was neglected and weak, quotations range from \$2.00 to \$5.55 for inferior to extra sheep and from \$8.00 to \$5.55 for inferior to extra sheep and from \$8.00 to \$5.50 for inmbs, There was a sale of fancy iambs at \$4.75.

Receipts: Cattle, 4,500; hogs, 19,600; sheep, 4,000.
